All fabrics for this quilt are solid-color cotton flannel. Yardage is based on fabric 40" wide.

Refer to the article "Faux Rag Quilts" by Margo Yang in the December 2013 issue of TQL for general instructions on the faux rag technique.

Set aside 5 navy blue strips for finishing the edges of the quilt. Baste the remaining navy strips together in pairs. Baste the red strips together in pairs.

Layer and baste the quilt backing, batting, and the quilt top. Place the light blue flannel on top of the quilt top, right side up. Referring to the quilt top diagram on the next page, draw the outlines of the light blue shapes on the light blue flannel. Carefully cut away the rest of the light blue flannel to expose the white portions of the quilt top. Pin or baste the remaining light blue shapes in place. Referring to the quilt diagram, draw curving lines across the quilt top.

Sew the faux chenille strips in place and complete the quilt as directed in the general instructions in the magazine. [TQL](#)
