#9501 – Beginning Survey Course for EQ6 **\$40**
Wed., 1 – 4pm *Barbara Vlack*
Jefferson/2nd Floor

Here's your chance to work with EQ6 to create original quilt designs on your own computer. This workshop was designed for the beginning EQ6 user and will include using the block library, setting blocks into a quilt layout, using the symmetry tool, adding borders, coloring blocks on the quilt with fabrics, and printing patterns. Students must be familiar with operating their own laptops. There will be no time for instruction or tech support for the use of computers.

Skill level: Beginner

Supplies: Personal laptop with EQ6 installed, activated, and in working order (for a brand new installation of EQ6, follow the instructions with the program without deviation in order to insure success). The EQ6 update must be installed prior to class – go to www.electricquilt.com to download from Home>Users>Downloads and follow directions on the site. EQ6 User Manual: go through lesson one to be sure the program is in working order. External mouse and mouse pad – be sure the mouse works with your computer. Extra batteries if mouse is wireless. Power cord for computer (do not plan to rely on battery power for the laptop!). Note taking materials.

#9101 – Block Drawing with EQ6 **\$70**
Fri., 8:30am – 4pm *Barbara Vlack*
Jefferson/2nd Floor

Experiment with sophisticated drawing tools in EQ6, creating simple and complex pieced blocks, irregular shaped blocks, and appliqué blocks. This is a computer hands-on class using EQ6 software. Students must be familiar with operating their own laptops. There will be no time for instruction or tech support for the use of computers.

Skill Level: Intermediate

Supplies: Personal laptop with EQ6 installed, activated, and in working order (for a brand new installation of EQ6, follow the instructions with the program without deviation in order to insure success). #9502 – Quilt Designing with EQ6 **\$40**
Sat., 1 – 4pm *Barbara Vlack*
Jefferson/2nd Floor

Discover various quilt layouts offered in EQ6 as standard layouts and in the Layout Library. Learn how to enhance your designs by adding pieced sashings and various borders, setting appliqué motifs and quilting stencils, and learn to use several coloring tools in EQ6. This is a computer hands-on class. Students must be familiar with operating their own laptops. There will be no time for instruction or tech support for the use of computers.
