Room #204AB

#14504 - Fiber Art

In this class, you'll be inspired by Moroccan and Art Deco cement tiles to create a unique design for printing on fabric. You'll learn how to use an updated version of a stencil printing technique (Pochoir Printing) to make custom fabric for your next quilt or sewing project. Learn about registration for nearly perfect printing, repeat patterns, single and multi-color designs, and much more. You'll leave with two to three pieces of original fabric and the knowledge to make more. A wide variety of tiles will be presented for inspiration.
