

Curved Piecing: Going in Circles

Marge Tucker

Intermediate

Saturday, 8:30 am - 11:30 am

Room: 101B

#16S7515 - Piecing

Join Marge Tucker to learn her unique curved piecing technique to create circles. The Going in Circles technique results in amazing abstract circles which can be pieced/trimmed into blocks, appliqued, or cut apart and reformed. These circle blocks work well with other improvisational techniques or abstract blocks. Off-cuts from creating the circles provide even more inspirational opportunities. While this technique is advanced, anyone with a sense of adventure can do it! Students will learn free-form cutting and curved piecing techniques.
