#16T7505 - Piecing

Eel Grass and Eddies is a great workshop to "get your feet wet" with improvisational curved cutting and piecing. Two fabric rectangles yield two reverse image blocks that can be used as is or cut into smaller units. In this half-day workshop, you will make several of the reverse image units. This is a technique class on curves and is fast and fun! Detailed instructions in the handout will help you finish the quilt at home.
