#16W7101w – Piecing

Create the illusion of curves, motion, and depth with strip piecing and straight seams. Discover the easy process that produces complex-looking results. Create a chart to keep track of fabric placement. Sew strip sets, then slice up the sets in different widths. Add measured strips of a multi-colored, variable width stripe fabric to build vertical columns. No pre-cutting is required. The kit includes pre-cut strips. Learn how to use a bargello design chart and all the tricks for straight columns, seam matching and staying organized. We'll complete about half the quilt top during class time and go home with all the skills to finish it. Registration for this workshop includes complimentary show admission for Wednesday.
