Create this easy and quick to sew strippy Log Cabin quilt using simple value transitions to create the illusion of glowing. Learn about color and value as you design your strip sets. Sew the strips sets, cut into squares, pair up, sew diagonally, and voila – half square triangles that give the illusion of Log Cabin blocks. Arrange in any Log Cabin or half square triangle arrangement. Cut strips or use your scrap strings as they are for minimal prep. A huge stash or scrap buster! Includes multiple layout options.
