

Piping Hot Binding
Susan K. Cleveland

All Levels

Friday, 8:30 am - 4:00 pm

Room: Integrity A

**#55F8100f - Quilting/Finishing-
DOMESTIC MACHINE**

Piped bindings add spark and a professional finish to any style piece. Every detail of binding and tiny perfect piping will be covered in this workshop with step-by-step demos and printed instructions. Machine differences will be addressed so that you will be successful with your own machine. You will work on a practice piece to achieve making perfect piping, preparing the quilt, applying piping, applying binding, mitering corners, joining tails, and finishing for a show-quality back. Variations will be on display and discussed.

Registration for this workshop includes complimentary show admission for Friday.

Please bring the following items to class:

- **Basic Sewing Supplies**
- 13" x 13" fabric – quilt top, may be a cheater block (starch and press before class)
- 14" x 14" fabric – backing (starch and press before class)
- 14" x 14" of thin cotton batting
- 1¼" (1.25") bias strips adding up to at least 70" – piping (high contrast to quilt top and binding)
- 2½" (2.5") straight of grain strips adding up to at least 70" – binding (cut from lightly starched fabric)
- Thread to coordinate with piping fabric but with a little contrast so it can be seen on piping fabric
- Thread to coordinate with binding fabric
- Pins
- Seam ripper, stiletto (optional)
- Masking OR painter's tape (any width)
- Post-it™ Notes
- Fabric pencil or marker to show on your quilt top fabric

Optional:

An optional kit is available and includes: booklet, Groovin' Piping Trimming Tool, and 5 yd. of cording. It does NOT contain fabric. Available for purchase during class. \$25

For precutting instructions, click here. Precutting must be done before class, as there will not be class time available for cutting.
