Room: Team Room 1

**#55W5100w - Color & Design**

This workshop will explore many classic and nontraditional ways of using shape and pattern in design. We will examine historic ornament and decorative design in the introductory lecture. Then we will do several design exercises on paper that can evolve into unique appliqué projects. This course strives to stimulate new ways to add energy and excitement to your work by playing with shapes for collage compositions. It will also supply you with a collection of unique motifs to apply later to your surface design or fiber art.

Registration for this workshop includes complimentary show admission for Wednesday.
