An Afternoon with Well-Loved Ladies:

Red & Green Traditions

Robin Koehler

All Levels

Friday, 3:00 - 4:00 p.m.

Room #104AB

#11809 – Lecture

Come meet these Centenarian Sweethearts and hear the story of their invention. Robin has always loved the red and green appliqué quilts of the mid-1800s. As she officially began her path to becoming a certified appraiser, her studies brought her closer to the quilts she adores. The designer in her was fascinated by this era of creating their own designs too. Robin has assembled a collection of quilts that are not in the greatest shape, but still so beautiful in their history and imperfections. Let Robin share these unique wonders with you as she talks about the history of our fabulous industry.

Border Me Beautiful: Explore 20 Flexible Borders on the Longarm

Bethanne Nemesh

All Levels

Wednesday, 8:30 - 11:30 a.m.

Room #102AB

#18505 - Quilting/Finishing-LONGARM

Break away from boring borders! Explore 20 border units using a non-backtracking feather motif and Bethanne's spineless, no-mark, no-stress feather path. Then add some straight-line quilting and create glorious secondary design frames! This class is designed for quilters who want to quilt those tops made "for love" with an open and flexible, yet beautifully designed mid-custom plan. For those interested in pushing themselves, Bethanne will demonstrate how to use formal feathers and backfill for full custom creativity! Bethanne's teaching style allows for a lot of independent student customization. Gain confidence quilting in high-contrast thread and create beautiful borders that frame your quilt. Two people per machine.

Bordering on Insanity

Julie Luoma

All Levels

Thursday, 11:00 a.m. - 12:00 p.m.

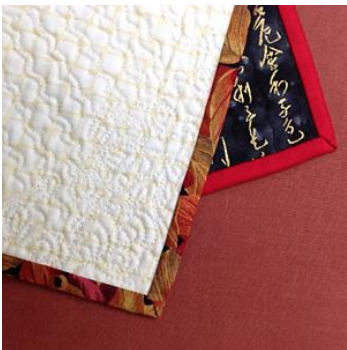

Room #104AB

#11804 - Lectures

It's the end of the quilt and the quilt may or may not be the size it's supposed to be. You may or may not have much fabric left, but it needs to be finished! Julie will discuss using what's on hand, ideas that are already in the room, and truly simple ways to make wildly creative borders. It's a fun lecture intermingled with lots of samples and you'll leave just tingling with energy to get started on your own borders. Supplies are not required for a lecture, although you may want to bring a pen and paper to take notes. Julie's book "*Dancing on the Border*" will be available for purchase in class.

Bound and Determined: Tips for Perfect Bindings

Pat Delaney

Beginner, Intermediate

Friday, 8:30 - 11:30 a.m.

Room #103C

#18517 - Quilting/Finishing

Having trouble getting those bindings to look just right? This half-day class with Pat will get you on track for a show-worthy ending to your quilt. Little tricks and tips will give you the confidence to finish your quilts with a beautiful narrow binding and perfectly mitered corners every time. She will discuss sewing on the binding fitted perfectly to the quilt, filling the binding with just enough batting, and hand sewing it all together invisibly. A beautiful binding is the frame for your quilt and should be as wonderful as the rest of your workmanship!

Colorful Calypso: Enjoy Machine Piecing
Michele Crawford

Intermediate
 Wednesday, 1:00 - 4:00 p.m.
 Room #103B
#17517 - Piecing

Calypso is a great project for an advanced beginner to intermediate scrap quilter! There are sections that are strip pieced and sub cut; and 3 pattern pieces! The sample quilt uses 4 different colorways

with a light and dark color value which provides an interesting secondary pattern. This quilt would look great using 2 shades of one color plus 1 light fabric; 2 shades of one color with an accent color plus a light fabric; OR just make it totally scrappy using lights, mediums, and darks!

Concept to Quilted Linda Hahn

All Levels

Wednesday, 3:00 - 4:00 p.m.

Room #104AB

#11803 - Lectures

Join Linda for a "behind the scenes" peek of her design processes. She will share how patterns, fabric and books go from "concept" in the designer's head to "quilted." This lecture was developed with the assistance of her Facebook group who presented questions about designers' inspiration, the design process, and more! Of course, add in Linda's infamous animation and you'll be laughing as you hear about the different processes to bring beautiful fabric and fun patterns to you, the quilter! Supplies are not required for a lecture, although you may want to bring a pen and paper to take notes.

Crumb Quilted Sticks: Dig Into Your Scrap Stash Michele Crawford

Intermediate

Thursday, 8:30 - 11:30 a.m.

Room #103C

#17519 - Piecing

What DO you do with all those leftover scraps? Crumb quilts are the ultimate scrap fabric projects because you are using what you already have in order to create your own fabric! There is no one set way to use "crumbs" - the tiniest amounts of scraps (strips, squares, trimmed triangles, funky sizes, etc.) that you have - the ones you usually throw away because you don't know what to do with them! Remember, those crumbs (of fabric) cost just as much per yard as the original fabric you bought that they came from! NO rules here except to use a 1/4" seam allowance. Add fabric to connect your crumb quilted strips in different ways! Machine quilt each strip by sewing 1/4" multiple times on each side. Create any size quilt you want by adding more blocks horizontally and/or vertically!

Design a Panel Montage

Cyndi McChesney

All Levels

Thursday, 1:00 - 4:00 p.m.

Room #203AB

#15502 - Color & Design

Montage is the technique of producing a new composite whole from fragments of pictures, text, or music! Well, you won't be incorporating music (although you might come up with a way to do that). However, you will explore techniques and ideas to create unique, whimsical, and creative pieces using pre-printed panels, words, and lots of related elements. It's a little bit like collaging using a panel and fabric!

Explore the World of English Paper Piecing – Lecture and Trunk Show **Michele Crawford**

All Levels

Friday, 5:00 - 7:00 p.m.

Room #104AB

#CRAW – Special Events

English Paper Piecing (EPP) is a traditional quilting technique used to fold fabric around paper templates, and then baste them together to create a consistent-sized shape that is much easier to sew by hand than by machine. Once the fabric covered shapes are created, they are hand sewn together like puzzle pieces to create intricate designs that can be used as appliques or quilts. Michele will discuss a variety of EPP geometric shapes and sizes; different ways to baste the fabric; and several ways to sew the shapes together. EPP is a HOT topic in the quilting world these days as it is a

precise, portable and meditative technique that is FUN and stress free! A PowerPoint® presentation along with a trunk show will provide inspiration to those wishing to learn more about EPP! Michele will teach you how to hand sew a hexagon flower (kit provided with fabric, templates, needle and thread) so please bring a small pair of sharp scissors (and a thimble if desired).

Feather Faster with Spineless Quilting
Bethanne Nemesh

All Levels

Thursday, 1:00 - 4:00 p.m.

Room #102AB

#18514 - Quilting/Finishing-LONGARM

Love feathers? Frustrated by how time-consuming they can be with lots of marking, planning, or rolling a quilt? Spend a few hours with Bethanne and learn to feather faster. In this hands-on class, Bethanne will teach you her unmarked, spineless, no-backtrack approach to one-pass feathering on the longarm. Learn ten feather shapes that look amazing no matter how high-contrast the quilting! Speed up your feathering without giving up that feathered look. You will leave class with instructions for completing a bird-on-a-wire wallhanging, with fusible birds provided! Two people per machine.
