The AQS Learning Center will be in Grand Rapids in 2023. The Learning Center is open Wednesday through Saturday during the show.

All vendors are invited to present a 20-minute educational presentation or demonstration on the topic of their choosing. It is free for the public to attend and free for vendors to participate. It is an excellent way to advertise your product, as well as to lead attendees directly to your booth after the presentation.

The AQS Learning Center is very popular with both attendees and vendors. If you are interested in participating, please return the form as soon as you can. We want to have a diverse range of topics but time slots will be given out loosely on a first-come, first-served basis. Selected vendors will be notified of their day and time slots. Preferences of day and time will be considered in scheduling, but cannot be guaranteed.

The stage will be approximately 10' x 24' and AQS will provide a screen, digital projector, sound system, and a stationary video camera to project your demonstrations.

***Please note: If your presentation requires a laptop, you must bring your own.**
