Perfection starts here.™

Have you always wanted to learn how to sew curves but were afraid to try? This is the workshop for you!

- Learn how easy it is to sew curves when you cut your fabric shapes using the Flowering Snowball die from AccuQuilt.
- Learn how to use the AccuQuilt cutting system to cut all the shapes needed to make up to six blocks in class!
- See how easy it is to cut your fabric with the bias exactly where you need it so those curves will fit together perfectly! An alternate paper template will also be available.
