Friday, 1:00 - 4:00 PM

Room: 202AB

#159501 - Quilting Technology

Grow your EQ8 skills! Learn how easy it is to add your own fabrics, panels, and photos to EQ8. Import fabrics, straighten, scale, crop, and add them to your Favorites library! Add current manufacturer fabric lines to use in your quilt designs. Discover how you can scan or photograph your own stash to use in your creations. Include fabric panels to creatively design one-of-a-kind quilts. This workshop moves at a faster pace and completion of a Beginner EQ8 class is helpful. Windows and Mac users welcome. PLEASE NOTE: You will need to carefully read through the class supply list to download REQUIRED files PRIOR to class. Don't skip this step!
