### **EQ8: Kick Start**

**Lori Miller**

Beginner

Saturday, 8:30 - 11:30 AM

Room: 202AB

**#159502 - Quilting Technology**

Are you brand new to EQ8? This is the perfect class to get to know your exciting new quilt design software. This workshop will go over the basics for beginner EQ8 users needing an overview of the EQ experience. Take an in-depth tour through the software to get a better understanding of the three worktables, the Project Sketchbook, and how to navigate the entire workspace. We will start designing quilts right away using EQ8 as your virtual design wall. Study the many pattern-printing options available and learn how to find yardage estimates. The best way to learn is by doing! Please note: This workshop is designed for brand new EQ8 users and focuses on EQ8 basics presented at a nice pace for beginners. Windows and Mac users welcome. If you have taken the full day beginner workshop, this class covers similar topics.
