Wednesday, 3:00 - 4:00 p.m.

Room: Fall Creek

#21802 - Lecture

Do you want to break away from using patterns made by others? This is the lecture for you! Gail will explore freeform shapes and asymmetry via a series of demonstrations using a flexible curve and a drafting compass. You'll learn how Gail takes her designs from idea to art, and she will give you the tools to do the same. Design and stitching techniques will be demonstrated in this eye-opening lecture. Supplies are not required for a lecture, although you may want to bring a pen and paper to take notes.
