Sacred Geometry looks at the symbolism derived from the use of shape and color in art, architecture, and nature. The Star of Life is based on the ten-fold symmetry of the Platonic Solid Dodecahedron. Ok, yea right. It is a ten-pointed star drawn from a pentagon. Learn the symbolic meaning behind this magnificent star while you Foundation Paper Piece this 24" block using 10 identical foundations! Learn how to do a partial seam as you assemble the foundations around a center medallion.
