

**Happily Scrapily with Diamonds****Ann Holte**

All Levels

Thursday, 1:00 - 4:00 PM

Room: Cooper Creek 1

**#257506 - Piecing**

Discover the 65/115 degree Lancaster Diamond. This unique shape was designed in the 1860s by a couple of teenage girls, but was never seen outside a small area of Pennsylvania until a few years ago. This shape is adaptable, so it can be used in endless designs. You will receive the pattern to work on in the workshop in addition to worksheets for assorted designs. Bring lots of scraps! You will be cutting pieces in the size range of (10" x 10"), (5" x 5"), (4" x 6"), and assorted strips and squares. Think of this technique as a collage made from diamond shapes.
