PFAFF
Perfection starts here.™

Have you struggled making a V Block® unit? Do your points get cut off as you piece a V Block® unit to another unit? Then this class is for you! Raija will share her tips and tricks on how to achieve the best possible V Block® unit using the V Block® tool so that your points will stay as sharp as possible! Then, you will combine the V Block® units with some plain squares to make four patches that are needed to build the butterflies on this stunning quilt. New to spinning seams? We will cover that too so that you will have an additional tool in your quilter's toolbox!

quilterstreasurechest.com**Member: \$56** Retail: \$70**Supplies:**
