Room: Short Creek 3

#29120w - Creative Crafts/Arts

Use a length of clothesline and strips of fabric to create an heirloom-quality basket! The unique wrapping tool simplifies and accelerates the process, and the technique covers two handle types, three ways to end, and multiple embellishment ideas. Ample ideas are shared for a variety of basket shapes. This project is the perfect use for your scrap fabrics. Design an organizer for your remote controls, a cute Easter basket, or a holiday cardholder. The possibilities are endless!

Registration for this class includes show admission for Wednesday.
