**#32501 - Lecture/Demo**

Let's take it up a notch, with this interactive, lecture style workshop. Your quilt is done. Do your borders enhance the visual impact of your quilts? Kathy's lecture will inspire you with photos, design tips, and samples to help you choose the best style and size of borders to dazzle your own finish line. Kathy will cover a lot of ideas for inner and outer borders, as well as tips for constructing those winning borders. Bring quilt tops that you need ideas for and Kathy will get to as many of those tops as she has time for at the end of class (optional). Kathy's book on innovative borders will be available for purchase in class. Supplies are not required for a lecture, although you may want to bring a pen and paper to take notes.
