

Learn the Art of Thread Painting on a Photo

Carol Morrissey

All Levels

Friday, 1:00 - 4:00 p.m.

Room: Eisenhower Room

#32503 – Lecture/Demo

If you've wondered about thread painting, this program is for you! Carol will discuss topics including how to select an image, how to get that image onto fabric, the purposes and goals of thread painting, stabilizers, needles, threads, sewing machines, and the use of color. She will demonstrate three different types of free-motion stitching that she incorporates into her thread painted work. Supplies are not required for a lecture/demo, although you may want to bring a pen and paper to take notes.
