#341804 – Lectures

Ricky Tims combines two of his popular, tried-and-true quilting methods in this fun and entertaining lecture/demo class (there's no sewing). Ricky's Convergence quilts are addictive, fun, easy, and super quick to make. His Kool Kaleidoscope quilts are amazingly easy but have a huge wow factor. All of the instructions for both methods are provided in the color syllabus. You'll be challenged to decide which quilt to make first.

Supplies are not required for a lecture, although you may want to bring a pen and paper to take notes.
