Do you ever wonder where to begin stitching on an appliqué block? In this method, you mark on the back and appliqué on the front. Enjoy working together with Margaret as you learn to think through the process step-by-step and layer-by-layer. You'll work from background to foreground as you patiently build and stitch the sweet little Impatiens block using Margaret's Trace, Baste, Snip & Stitch method. The Impatiens block is excerpted from Margaret's newest quilt, Grandmother's Kitchen, evoking the cozy heart and comforting hearth of the family home. This technique makes it a delight to stitch by hand and so, sew simple to get graceful curves as well as crisp inside and outside points. Join the fun and let Margaret show you how!
