#345101 - Color & Design

Focus on composition and value with the design element of lines, straight and curved. In class, you will create four 12-inch little pieces using different rules of design, layering, and complementary colors. These four pieces will then be cut up to create a dynamic, abstract grid composition. Join Katie as she shows you the steps to jumpstarting your creativity with composition and lines! Class fee includes a boxed lunch.
