Reliability by Design

This class covers the basics of how to quilt with templates using several different template designs. In addition, learn to combine quilting templates to develop more complex and visually interesting quilting designs. The class' goal is to give you the skills to confidently decide on what designs to put on your quilts and to execute those designs beautifully. Topics include basic machine setup, movement skills, designing with templates, stitch quality tips, using spinning templates, how to stitch in the ditch, and so much more. Leave class with the enhanced skills and larger design repertoire. Learn all the tips and tricks to be successful using this unique guided-motion technique! Registration for this class includes show admission for Thursday.
