Room: McKinley Room

**#348125f - Quilting/Finishing-
DOMESTIC MACHINE**

Free-motion Plus classes are an integration of template skills and free-motion quilting. Mandala Mania uses the Westalee Circles templates to set the stage for elegant circle designs. Learn simple, fundamental free-motion quilting movements that use the circular divisions as the design boundaries. Techniques include dividing, echoing, segmenting, and using spacial estimation to build this beautiful design. Great tips for successful free-motion are offered throughout the class. These skills and shapes can be applied to pieced blocks or superimposed over unrelated shapes. These can be used as main motifs or used to fill negative space. These designs are great for both traditional and modern quilting styles.

Registration for this class includes show admission for Friday.
