DOMESTIC MACHINE**

Learn the basics of ruler work while also learning to quilt beautiful and flowing feather designs with the Westalee Design Feather template set. Explore symmetrical, curving, and organic feather designs as well as stitching feather crowns, shape feathers, and a peacock style feather. Many other helpful techniques are included throughout this class such as stitch-in-the-ditch, traveling in the feather spine, and sewing circles with a template. This class is a well-rounded jump start to ramp up your template quilting skills. This class is a technique class, not a project class.
