Friday, 1:30 - 3:00 PM

Room: Eisenhower Room

#352002 - Lecture/Demo

In this engaging lecture and demonstration, you'll discover the art of transforming completed blocks into beautiful quilts. Nancy will guide you through various quilt settings to create unique designs. She'll also showcase how to enhance your quilts by incorporating pieced sashing. Rather than opting for simple borders, you'll learn to craft pieced borders that complement your work perfectly. To finish off, explore different binding techniques that will add a stylish touch to the edges of your quilts. Supplies are not required, but there is a \$10 materials fee for this lecture and a notebook and pen are recommended.
