#37503 - Piecing

If you haven't discovered the Accordion Sewn HSTs™ method of making half-square triangles with no matches and no waste, it's time! It's not only fun and addicting, but by the time you create and cut apart your cute little accordions, your blocks will have the potential to lay out perfectly in order to form your design! It's innovative and amazing and once you learn the technique you'll want to adapt it to all of your future half-square triangle quilts!
