

## Enjoy a Twist on the Classic Log Cabin Block

**Karen Eckmeier**

All Levels

Friday, 1:00 - 4:00 p.m.

Room: Van Buren Room

**#37520 - Piecing**

Let's start with the traditional Log Cabin block and feature a fun image in the center instead of the classic red square. Select a large print and some lights and darks to coordinate with it and you are on your way to building some very sassy blocks with topstitched curves and perky little triangles. Five log blocks make a great table runner and four blocks are perfect for a table topper or bag. If you want to make a large quilt, bring more fabric and continue making blocks.
