#38113t - Quilting/Finishing- LONGARM

Have fun playing with rulers to achieve easy curves and straight lines. This approach will open the doors to many new options for free-motion work on the sit-down longarm machine. Sue will start with basic concepts, then continue with cool and creative ideas! Traditional free-motion quilting will be added after ruler work is complete. Students will work on a small 18" x 18" project provided in a kit. Join in on the fun in this relaxed and informative workshop. Two people per machine. Registration for this class includes show admission for Thursday.
