**Layers & Lines:  
How to Create a Quilting Design**

**RaNae Merrill**

All Levels

Wednesday, 1:00 - 4:00 p.m.

River Overlook EF

**#42501 – Lecture/Demo**

Ever since I started teaching Free-Motion Mastery in a Month, the question my students ask most often is “Now that I can quilt, how do I decide what designs to put where on my quilt?” Layers & Lines answers that question. We'll begin with a discussion of four concepts: Story, Personality, Layers & Contrast and how to use these concept to create a quilting design. And since thread is the "paint" of quilting, we'll also discuss thread color, fiber and weight. Then, we'll look at YOUR un-quilted projects (be sure to bring them) and explore quilting ideas that can take your quilt tops from special to spectacular. After Layers & Lines, you will never look at a quilt the same way again!
