**Sea Turtle and Coral Reef:
Create Pictorial Appliqué
Kathy McNeil**

Beginner

Thursday, 8:30 a.m. - 4:00 p.m.

River Overlook CD

#43104t - Appliqué

Fast, fun, and oh so magical. Step into the world of pictorial appliqué. Learn the steps of layered UNIT appliqué to enhance your designs. Two applique methods can be used to create your turtle. The Easy Appliquick method - turned edges create more loft, dimension, and longevity in your turtles. Students will use this method for the larger shapes and then - fuse on the smaller mosaic flipper shapes. Kathy will be teaching the Appliquick method. Either hand or machine appliqué can be used to sew your turtle together and to the background. Kathy will go over her favorite machine appliqué stitch. Bring your own Appliquick tools, glue pen and interfacing, order with pattern, or purchase from instructor in class. Kathy will supply some Lite Steam a seam2 to get you started.

Class objectives: Tips for basic pattern making for all sea critters using base shapes. Shading objects to increase the sense of form using Kathy's favorite paint crayons. Choosing fabrics for pictorial work. Creating 3-D embellishments. Quilting the Pictorial quilt.

Registration for this class includes show admission for Thursday.

kathymcneilquilts.com

Member: \$88

Retail: \$110

(Plus Kit Fee)

A kit is required and includes: The full size pattern for this quilt (with material list) and photos of suggested fabrics. Order Kathy's pattern from her website or it will be available in class, but you would need to collect fabrics before class.

Kit Fee: \$13.94 (payable in class, cash preferred)

Please bring the following items to class:
