Needleturn Appliqué for Beginners

Dierdra McElroy

Beginner

Wednesday, 1:00 - 4:00 p.m.

Room: Chase Board Room

#43502 - Appliqué

This is an introduction to the art of how to turn a raw fabric edge efficiently with your needle and sew it down invisibly. No glue, no toothpicks, no ironing, no tricks. Just the needle and your fabric. It is a basic skill that all quilters should have in their tool box! Dierdra will demonstrate and thoroughly explain the theory behind all 5 elements of Needleturn Appliqué, then help each student individually, and provide illustrated notes at the end of class.
