**#447501** - Piecing

Get the look of improvisational piecing with just a bit of guidance so that you can repeat the results over and over again! Lovely sharp points and long diamonds are easy and possible with this technique. Pointed Comments has a fun mid-century modern vibe, and in this workshop, you'll learn the fun guided improv technique, as well as how to create a layered effect with your piecing. The table runner/banner size project is quick and easy (most quilters get approximately 2/3 of the project completed during the workshop) and is beginner friendly.
