#447511 - Piecing

Speed piecing techniques work with scrappy quilts too! Explore color theory and color relationships to organize your scraps or a mix of fabrics, and then dive into all the tips and tricks for maximizing speed piecing while maintaining accuracy. We'll explore how colors relate to each other and how tone, tint, and shade impact what goes together. Then, hone your rotary cutting and piecing skills while making blocks that can be pieced into a table mat or used as the beginning of a large quilt.
