

Modern Walking Foot Quilting
Marge Tucker

All Levels

Friday, 8:30 a.m. - 4:00 p.m.

Room: Grand Gallery Overlook GH

#448102f - Quilting/Finishing-DOMESTIC MACHINE

You can do so much innovative quilting JUST with your walking foot! Marge shares her method of quilting with your walking foot that involves little or no marking but still results in spectacular quilting. Begin with the basics, such as batting choices, thread, needles, and how to secure the quilting stitches. Then, start quilting with straight lines and move to curved quilting lines and spirals on the practice quilt sandwiches. For both the straight line and curved quilting, Marge offers many designs and variations you can use to great effect, and she shares some of her quilts as examples, including "Burst" which received a Best Machine Quilting (Frameless) award. This workshop will change the way you think about your walking foot!

Registration for this workshop includes show admission for Friday.
