#448522 - Quilting/Finishing-DOMESTIC MACHINE

Join Judi for a few hours of quilting fun learning to make new patterns in beautiful shapes. Choose an apple, pear, maple leaf, or sailboat shape, then stitch around it, divide it up, and fill it with different quilting patterns. The small, packed designs hide a multitude of mistakes while helping you practice new quilting designs. This technique is easier than it looks and is suitable for beginners as well as more experienced quilters. Judi also shares lots of great hints and tips along the way. You will also have the opportunity to practice the patterns before committing them to your chosen design. By the end of the workshop, you will have a lovely wallhanging and be ready to tackle free-motion quilting at home!
