Has the Feathered Star been a quilt block on your bucket list but looks too difficult or intimidating? Come and join Nancy as she shows you how she redesigned the Feathered Star block taking out all Y-seams! There are two templates, but don't let that stop you! Nancy will show you how easy it is to use the two paper templates with a standard quilting acrylic ruler, rotary cutter, and mat. Not only did Nancy simplify the Snowflake Feathered Star, she also eliminated 88 seams from the Double Flying Geese border. Registration for this class includes show admission for Wednesday.
