**David Taylor**

Room: Grand Gallery Overlook EF

#48502 - Quilting/Finishing - HOME MACHINE

This class is a fast and fun approach to learning basic free-motion quilting on your home machine. It uses a series of quilt sandwiches specifically chosen to teach the rhythm and movement that makes free-motion quilting so much fun. Students will learn how to find their own rhythm without a stitch regulator. David discusses thread types, tension, and burying the thread ends. This is a wonderful beginner's class for the newbies to learn free-motion quilting.
