#48507 - Quilting and Finishing

Learn the basics of quilting with templates in a fun-filled class taught by Kate Quinn of FabriKated Quilts. This class is designed for beginners with little to no experience with free-motion or ruler quilting. Learn how to setup your machine, needles, threads, proper hand positions, how to move the quilt sandwich, and some simple designs to get started. Designs include curved cross-hatching, straight line designs, diamonds, echo quilting, and stitch in the ditch. Important tips and tricks to success are incorporated throughout the class material so you can explore the far-reaching potential rulers will bring to your quilting!
