Clam shell designs are classic and a well-loved design. Let's take it to the next level and learn advanced acrylic ruler design techniques. Learn techniques for modern edge-to-edge quilting, blocks, borders, and sashing. Designs may be used on almost any project and techniques learned are applicable to other rulers. Use learned designs to creatively stitch a pre-printed panel. Learn ruler-based design techniques; with one ruler explore the possibilities of curved-based designs. Learn how to go from practice quilt sandwich to quilt using a pre-printed panel. Two students per machine.
