Reimagine hand-painted tile art as a stunning art quilt. Learn how Heidi draws from tile art's rich history to create her tiled designs while adding a quilter's touch. Discover how to create endless quilt tile designs using color, repeating patterns, symmetry, grids, intertwining shapes, and motifs. Practice drawing your own tile design which can be used to make one of your tile quilts. Heidi demonstrates traditional and innovative designs and cutting processes as well as how to assemble the design without a light box, stencils, or fabric marking tools. Make this stunning 18" x 18" tile quilt using a kit and a few basic supplies. Although this isn't a sewing machine class, don't worry—Heidi shares her tips on how to quilt and complete your project at home.
