### **Circle Star by Machine**

**Ann Holte**

All Levels

Wednesday, 1:00 - 4:00 PM

Room: Inspire

**#547502 - Piecing**

Proudly Sponsored By

**JANOME**

Reliability by Design

This block is from an early 1900s quilt, but it translates perfectly to today's quilt world. With its curves, points, and octagons, it forms two wonderful secondary designs. The parts can be rearranged to make different designs. And it can be pieced by machine with the accompanying templates. In this workshop, you will learn to cut and piece this fascinating Circle Star block and to create other designs with the templates. The template set and carrying case are available for purchase in class and include a free pattern with the EQ8 file for individual color planning.
