**JANOME**  
Reliability by Design

An introductory class in walking foot quilting. Learn how to finish your quilts on a domestic machine while enjoying all the control of your walking foot. We will begin with a brief discussion of preparing your tops for quilting, including marking and basting. Then, we will make stitched samples of different styles including matchstick quilting, grids, combined stitches, serpentine, and a basic spiral. Finish with a look at Catherine's work to inspire you to go home and turn your tops into quilts.
