**#57508 - Piecing**

Eel Grass and Eddies is a great class to "get your feet wet" with improvisational curved cutting and piecing. Two fabric rectangles yield two reverse image blocks that can be using as is or cut into smaller units. Marge also will show variations that can be made with the blocks. This is a technique class on the curves and is fast and fun! In this half day class, you will make several of the reverse image units. Detailed instructions in the handout will help you finish the quilt at home.
