#57515 - Piecing

Fall in love with diamonds! Let's use up all those leftover strips and strings from previous projects and turn them into a fantastic quilt! Improvisationally pieced rectangles make light and dark diamonds when placed together. This results in a visually graphic layout and with very little cutting and prep so we can get right to the fun. In this half-day class, students will learn the technique of string piecing rectangles and make 4-8 blocks in the class. This could be your new favorite scrap quilt!
