

## Modern Walking Foot Quilting Marge Tucker

All Levels

Wednesday, 8:30 a.m. - 4:00 p.m.

Meeting Room 105

**#58104w - Quilting/Finishing**

You can do so much innovative quilting just with your walking foot! Marge will show you her method of quilting with your walking foot that involves little or no marking but still results in spectacular quilting. She will start with the basics, such as batting choices, thread, needles, and how to secure the quilting stitches. Then, you will start quilting with straight lines and move to curved quilting lines and spirals on your practice quilt sandwiches. For both the straight line and curved quilting, she will show you many designs and variations you can use to great effect. Marge will also have some of her quilts as examples. This class will change the way you think about your walking foot! Registration for this class includes show admission for Wednesday.
