All Levels

Friday, 8:30 a.m. - 4:00 p.m.

Meeting Room 105

#58110f - Quilting/Finishing

Proudly Sponsored By

 baby lock

FOR THE LOVE OF SEWING

Mix-up quilting is a great way to mix match quilting techniques to mix up the look of your quilted creation. By combining the use of walking foot machine quilting and hand quilting, Carolina will have you adding new layers of interest to your quilts! When mixing these two beautiful quilting techniques you have endless possibilities to add color, texture, and movement to your creations. Students will learn and practice different designs, so you may return home to your UFO's with many options for completion. Registration for this class includes show admission for Friday.
