

EQ8: Design for AccuQuilt Qube
Lori Miller
Intermediate
Friday, 8:30 - 11:30 a.m.
Meeting Room 319 (Level 3)
#59503 - Quilting Technology

Combine the power of EQ8 quilt design software with the ease of fabric die cutting. The AccuQuilt GO! Qube system is made of building blocks to create a four patch quilt block. Discover EQ8 compatible blocks, draw your own blocks, try different fabrics, and create your own block library. Your design will be ready to cut with the AccuQuilt GO! Cutter. Learn tips and tricks to use the best features of both EQ8 and AccuQuilt. Class based on the 8" Qube, with help to accommodate other sizes. Please note: This is an EQ8 software design class. No die cutters will be used. Completion of a beginner EQ8 class is helpful.

Retail: \$70

Supplies:

Please bring the following items to class:

- Notebook, Pen, and Pencil
- Laptop with Electric Quilt 8 (EQ8) installed and validated
- Laptop power cord
- Extension cord
- Mouse (the touch pad on your laptop will work, but having an external mouse makes drawing much easier)
- Extra batteries for your mouse (if wireless)
- Mouse pad
